

Total Immersion Freestyle Weekend Workshop December 1-2, 2018 St. Petersburg, FL

Location: North Shore Pool, 901 N. Shore Drive, St. Petersburg, FL 33701

Saturday, June 10: Effortless Endurance: Learn the core TI stroke mechanics that have transformed thousands. Effortless Endurance sets the table for efficient swimming by developing proper alignment and balance in the water. This builds a reliable foundation upon which we add core rotation, proper limb orientation and movements, and breathing skills. Our carefully planned sequences ensure you'll make near-instant progress during the class. In one day we guarantee you'll walk out a better, smarter swimmer. As with all of our courses, the coaches are in the water with you providing hands on help and instant video feedback.

Sunday, June 11: Expert Skills: We refine the mechanics learned on Saturday with clear practice strategies to consolidate the various stroke components into effective whole stroke swimming. Learn to structure your pool sessions and build efficiency-reinforcing focal points into each lap so every practice becomes an investment in skill acquisition, endurance and speed. We'll dive into the metrics of tempo and stroke length to teach you how to generate and sustain velocity. Expert Skills is the perfect complement to Effortless Endurance.

Video Sharing: All videos shot and analyzed will be shared via the online storage service DropBox. File size is managed to ensure total capacity fits within the complimentary DropBox membership limitations.

Tuition: Full Weekend \$495; Single Day \$295

Payment type: Online, credit card or personal check

Classroom: Pad and pen for note taking. Please pack a lunch for Saturday. Sunday meal is catered. Full sized refrigerator is available to store food items. Beverages are available for purchase on premises.

Pool attire/equipment: This is an outdoor pool with an early start to avoid afternoon thunderstorms. Please bring swimsuit, goggles and towel and plan for full sun exposure (sun block/UV swim wear/hat or visor/sunglasses). We recommend male students wear a Speedo-type brief or close-fitting triathlon swim shorts. 'Kicking challenged' swimmers may find fins helpful in achieving easy movement during the first water session. Some swimmers find nose clips helpful. We use Finis Tempo Trainers both days, and will have emo models for your use and unopened models available for purchase. Please bring yours if you own one.
